

Kid Village Welcome Back Information

Registration Required: Space is limited to provide room for distancing. New registration is required each week for each child who will attend. Staff will pre-print and hand out labels. The doors will open 10 minutes before service with 1 entrance/exit point.

Safety Precautions: Parents will not be permitted beyond check-in. Masks will be required for everyone as they enter and exit Kid Village and during singing. Kids will also need to maintain 6' social distancing. K-3 kids will have "sit spots" spaced 8' apart. There will be a no-touch policy except for the younger kids; no high fives, fist bumps, hugs, etc.

Cleaning Plan: All touch points will be thoroughly cleaned between services. Extra hand sanitizer will be placed throughout Kid Village and hands will be sanitized at the entry door.

Bathrooms: Kid Villagers should use the bathroom before entry. Hand washing is required. Hall monitors will be available to open bathroom doors and clean surfaces after each use.

Additional Information: No snacks or drinks in Kid Village. If you or anyone in your family have had cold or flu like symptoms in the past week, please stay home. Notify the Children's Pastor if any family member has been exposed to or diagnosed with COVID-19.

We look forward to seeing you soon!

*If you are not able to make it to church or you aren't ready yet, that's ok you can still check out the video and activity sheets for preschool and K-4 on the [Kid Village Facebook Group](#).
