

Recalculating Week 2: Read Proverbs 3:5-6

Ice Breaker

What's a "kid quote" you've heard that made you laugh or think?

(e.g. *"You can't teach an old dog new... math!"*)

Discuss

Why do smart people sometimes make dumb decisions? What role does information play—or not play—in that?

"Trust in the Lord...lean not...acknowledge him..."

Which part of this is hardest for you—trusting, not leaning on your own understanding, or acknowledging God in *all* your ways?

Why do you think God values submission more than knowledge when it comes to choosing the right path?

What's one area where we can pray for each other to fully trust and submit to God this week?

Action Step

Where in your life do you need to stop leaning on yourself and start leaning on God?
